ISGC 2011	19-25 March 2011	Taipei, Taiwan	

(1) (presented by ASGC)	Integrate Virtual Screening Service with Desktop Grid by DeGISCO infrastructure		
(2) (presented by ASGC)	e-Social Science development in Taiwan: Scalable social simulation using commodity		
(3) (presented by ASGC)	High-density Grid storage system optimization at ASGC		
(4) (presented by ASGC)	Grid Interoperation: SRM-iRODS interface Development		
(5) (presented by ASGC)	Structure-based drug discovery on Grid		
(6) (presented by ASGC)	Integrate Virtual Screening Service with Desktop Grid by DeGISCO infrastructure		
EUAsiaGrid Final Dissemination Conference	24-28 June 2011	Taipei, Taiwan	

(1) (presented by ASGC)	Virtual Research Environment for Earthquake Disaster Mitigation on EUAsiaGrid		
(2) (presented by ASGC)	Establish a prototype of high throughput protein-ligand screening service on EUAsiaGrid		
(3) (presented by IFI)	Design and implementation issues of g-INFO portal on EUAsiaGRID resources		
(4) (presented by MIMOS)	Development of Dementia Brain (DBrain) related Gene, Protein and Drug Platforms on Grid		
(5) (presented by NUS)	Grid Computing Solutions for Life Science Applications		
(6) (presented by UPM)	Updates on Bioinformatics and Cheminformatics Activities in Universiti Putra Malaysia		
(7) (presented HAll)	Climate Change in Mekong Area		
(8) (presented by ASGC)	WRF4G weather simulation on EUAsiaGrid		
(9) (presented by ASGC)	Volunteer Computing		
(10) (presented by NECTEC)	Computational Chemistry and Nanoscience in Thailand		
(11) (presented by ITB)	Theoretical Study of the iron (II) and Cobalt (II) Complexes as Candidates of Spin-crossover System		
(12) (presented by CNU, KR)	In vitro Test for Potential Inhibitors of Plasmeprins and of Neuraminidase Screened o		

(13)	On The Development of a Rapid Emergency Tsunami Decision Tool for the Regional
	(presented by PHIVOLCS, PH)
(14)	Grid Enabled Biomedicine and Some Supported Activity for Research Lab at IAMI
	(presented by IAMI, VN)
(15)	Scaling social simulation models to population size
	(presented by ASGC, TW/ U. of St. Andrew, UK)
EUAsiaGrid Bioworkshop 2010 in Conjunction with CloudAsia 2010	
May	
2010	Singapore (1) EUAsiaGrid: a standard computational platform
	(presented by CESNET)
(2)	Biomedical activities using Grid Technology
	(presented by CESNET)
(3)	The gLite WMS and the Data Management System
	(presented by INFN)
(4)	gLite Information System
	(presented by INFN)
(5)	gLite Security
	(presented by INFN)
(6)	The gLite API – PART I
	The gLite API – PART II
	(presented by INFN)
ISGC 2010	
5 - 12	
Mar	
2010	
Taipei,	
Taiwan	

(1)	e-Science Uptakes of Taiwan
	(presented by ASGC)
(2)	Risk Management and Climate Change: El Niño Case in 2010
	(presented by HAIL)
(3)	Updates on Grid Activities in the Philippines
	(presented by ASTI)
(4)	Contributions of EUAsiaGrid Project and its Partners in the Next Phase Development
	(presented by UPM)
(5)	EU-IndiaGrid2 Sustainable e-Infrastructures Across Europe and India
	(presented by INFN)
(6)	Pathway to the Development of Sustainable National Health Information System
	(presented by NECTEC)
(7)	KnowledgeGRID Malaysia Activities
	(presented by MIMOS)
(8)	Grid Computing for Research and Educational Activity in Indonesia
	(presented by ITB)
(9)	Grid Enabled Medical Informatics in Vietnam
	(presented by IAMI)
(10)	Updates on GRID Computing Applications in ATENEO DE MANILA UNIVERSITY
	(presented by AdMU)
(11)	Peer-to-peer Cooperative Scheduling Architecture for National Grid Infrastructure
	(presented by CESNET)
(12)	The EUAsiaGrid Roadmap: Paths to a Sustainable, Persistent e-Infrastructure in the
	(presented by presented by University of St Andrews)
(13)	Performance Analyses of EGEE-like Grids in Asia and Latin America
	(presented by INFN)

(14)	Lessons Learned from 2004 Tsunami on the Andaman Coast of Thailand		
(presented by HALL)			
(15)	Grids and Clouds Interoperation: Development of e-Science Applications Data Management		
(presented by ASGC)			
(16)	Data Access with File Protocol and StoRM		
(presented by INFN)			
(17)	Using HLRmon for Advanced Monitoring of Resources Usage by Virtual Organization		
(presented by INFN)			
(18)	Virtual Organizations Job Submission Activity Through the gLite WMS at INFN-CNAF		
(presented by INFN)			
(19)	Applicability of Free Energy Calculations Using High-Throughput Grid Approach		
(presented by CESNET)			
(20)	Grid Computing for Bioinformatics: An Implementation of a User-Friendly Web Portal		
(presented by ASTI)			
(21)	Determining Overhead, Variance & Isolation Metrics in Virtualization for IaaS Cloud		
(presented by MIMOS)			
(22)	Grid Computing Technology and Recurrence Quantification Analysis to Predict Seizure		
(presented by ASTI)
